FIXED INCOME – INTERMEDIATE GOVT./CREDIT REPRESENTATIVE PORTFOLIO CHARACTERISTICS

As of March 31, 2021

Bloomberg Barclays US Int. Govt./Credit

FIXED INCOME PHILOSOPHY

GH&A's fixed income philosophy is based on three core principles; preserving principal, maintaining liquidity, and providing high current income. This philosophy is integral to the Fixed Income – Intermediate Government/Credit product which is a U.S. broad market strategy that is benchmarked to the Bloomberg Barclays US Intermediate Government/Credit Index. The objective for this product is to outperform the benchmark net of fees utilizing a higher credit quality profile than the Index. The primary strategy to achieve this objective is through controlled interest rate anticipation, active sector rotation, and yield curve management.

GH&A employs a top-down approach in its fixed income portfolio construction. A broad fundamental analysis of duration, yield curve, and sectors results in a defined set of parameters for the individual issues that fit the portfolio. As part of our high-quality strategy, the securities we purchase are U.S. Treasuries, agencies, agency issued 15- year and 20-year MBS, and corporate bonds rated A- or better by 2 rating agencies. We do not take any credit risk beyond ten years in order to contain volatility. The company does not utilize soft dollars, foreign companies/Yankees, high-yield securities, zero coupon bonds or derivatives in its strategies.

COMMUNITY SERVICE

The firm encourages community service and philanthropy. Many of our team members volunteer in the community and the firm has donated over \$1.8 million to over 45 non-profits since 2014. Most recently, we have purchased over 25,000 masks, gallons of hand sanitizer, cases of wipes and have donated over \$10,000 for workers throughout the country during this COVID pandemic.

The characteristics shown are those of an actual portfolio that is representative of this strategy at a particular point in time. Individual portfolio characteristics may vary depending on the date shown as well as client-imposed restrictions, cash flows, etc. This information is supplemental to performance information. The composite disclosure is available on page 2.

² Historical information not required prior to 2011. NM = Not statistically meaningful due to an insufficient number of portfolios in the composite for the entire year. Creation Date: 7/1/1988.

Source: Bloomberg Barclays

The GH&A Fixed Income – Intermediate Government/Credit Composite is comprised of fully discretionary, fee paying institutional portfolios, including those portfolios no longer with the firm. The Fixed Income – Intermediate Government/Credit investment philosophy utilizes high-quality U.S. investment grade fixed income securities. To help control risk, the portfolios purchase spread product (non-Treasuries) with less than 10-year maturities, 15-year and 20-year Agency Guaranteed Mortgage-Backed securities and Corporate Bonds rated a minimum of single “A-”. The portfolios do not contain derivatives and do not employ leverage. The duration exposure is generally managed within a +/- 10% band around the Bloomberg Barclays US Intermediate Government/Credit Index and a maximum of +/- 25% in extreme market environments.

The composite benchmark is the Bloomberg Barclays US Intermediate Government/Credit Index. The benchmark is used for comparative purposes only and generally reflects the risk or investment style of the product. The account minimum for the composite is \$2.0 million.

Garcia Hamilton & Associates, L.P., (GH&A) claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. GH&A has been independently verified for the periods January 1, 1993, through December 31, 2015, by Ashland Partners & Company LLP and from January 1, 2016, through December 31, 2019, by ACA Performance Services, LLC. The verification reports are available upon request. Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm’s policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. Verification does not ensure the accuracy of any specific composite presentation.

Returns presented include the reinvestment of all income. The net of fees performance results are calculated based on actual fees. The standard fee schedule is: 0.25% of the first \$25 million, 0.20% of the next \$25 million, 0.16% of the next \$50 million, 0.14% of the next \$100 million, and 0.10% of the balance. GH&A is an investment management firm registered under the Investment Advisers Act of 1940. GH&A was known as Davis Hamilton Jackson & Associates prior to June 30, 2010. Past performance is no guarantee of future results. A complete list and description of firm composites is available upon request.

Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request. Composite dispersion is calculated using an asset value-weighted standard deviation of annual gross returns of those portfolios included in the composite the entire year. Standard deviation is presented as a 3-year annualized standard deviation measure of risk using monthly gross returns as of each annual period end. While the composite is older, this date was selected when Mr. Garcia arrived and took over the portfolios.
